***Allowable Subject Matter***

1. The indicated allowability of claim 18 is withdrawn in view of the newly discovered reference(s) to Sale (US 3,110,794). The Examiner is regretted for any inconvenient.

***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 3, 6-8, 17 and 19 are rejected under 35 U.S.C. 102(b) as being anticipated by Parker (US 3,474,209). Parker discloses a dielectric heating having waveguide (10) comprising broad walls (B, Figure below) separated by and electromagnetically coupled with at least one narrow wall (N, Figure below) has a nonlinear profile.

4. Claims 1-8 and 17-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Sale (US 3,110,794). Sale discloses a waveguide apparatus for microwave comprising broad walls (13) separated by and electromagnetically coupled with at least one field modifier (15) wherein said modifier (15) has a nonlinear profile.

5. Claim 9 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. The following is a statement of reasons for the indication of allowable subject matter: the prior art of record does not show or suggest said field modifier is configured to provide a relative slot height profile as define by

$$h(z) = (b/\pi) \sin^{-1} [(1/\sin^2(\pi h_0/b) - 2\omega Z \epsilon_0 \epsilon''_r t z/b)^{-1/2}] \text{ as recited in claim 9.}$$

Art Unit: 3742

***Response to Amendment***

7. Applicant's arguments with respect to claims 1-9 and 17-19 have been considered but are moot in view of the new ground(s) of rejection.
